

Slang /Terminology

The following are slang terms used locally that refers to alcohol and other drug abuse. Terminology changes; popular terms today may be obsolete next month. This is not a complete list.

420 Indicates a general interest in pot; it is thought to have originated at a high school in San Rafael, California, 4:20 was the time kids would get together. In urban legend it has been attributed to Bob Dylan. It is code for getting high. April 20 is the unofficial national day of recognition for marijuana use. "420" is used on T-shirts and elsewhere to announce the wearer smokes pot. (April 20 is also the date of the Columbine tragedy and the anniversary of Hitler's birthday.)

40's 40-ounce bottle of malt liquor.

8 ball An eighth-ounce of cocaine or marijuana, or 40 ounces of malt liquor.

LSD acid, trips, and acid.

angel dust See "PCP"

baked Under the influence of marijuana; stoned.

beer bong A device made with tubing that is used to drink beer fast, without added foam.

beer pong A variation of ping-pong, tossing ping-pong balls into cups of beer as the target. When the opposing team gets a ball in a cup, the "losers" have to drink the beer in that cup. This is a popular drinking game with teens.

bides (pronounced "beadies") unfiltered cigarettes from Asia, available from local head shops or online.

blunt Marijuana inside a hollowed-out cigar or cigarette, or sometimes just a large "joint."

bong Water-cooled pipe used to smoke marijuana. Kids will often give their bongs nicknames.

bowl Amount of marijuana that fits in a pipe, a quantity of marijuana smoked. Also another name for a pipe to smoke "weed"

bubbler Water pipe, usually made of "art glass," used for smoking marijuana or hashish.

bud Marijuana; refers to the flower buds; usually the leaves are not smoked.

buzz; buzzed Being under the influence, "high."

chronic Higher grade/potency marijuana, or marijuana mixed with crack.

clove cigarettes Popular alternative to cigarettes imported from Indonesia, made of a combination of tobacco and cloves, with eugenol, which numbs the throat. Also known as "kreteks."

club drugs (also called "dance" or "party" drugs)

Drugs (MDMA [ecstasy], Rohypnol, GHB, and ketamine) used to enhance the music and dance experience at raves, bars and nightclubs, hence the name "club" drugs.

These drugs are relatively inexpensive and are thought to be less harmful than other drugs, so they appeal to club-goers who would normally not take other drugs. Recent studies have found that these drugs cause permanent damage to the brain.

Coricidin®, **Robitussin®**, other cold medications, Over-the-counter (OTC) cold remedies containing dextromethorphan (DXM) which kids use to get high. DXM is a dissociative anesthetic (psychedelic)

Coke, candy, blow, powder Cocaine, used intranasally.

crack Cocaine that is smoked; called “freebasing.”

cocaine Narcotic extracted from coca (*not* cocoa) leaves.

crank Name used for a variety of drugs: crack cocaine, heroin, amphetamine, methamphetamine, or methcathinone.
